TRANSFORM YOUR HOME
CONNECTED LIGHTING CONTROL

EVERYDAY TRANSFORMED

Welcome comfort, convenience, and peace of mind into your home. RadioRA 3 connects lighting, automated shades, and the rest of your home technology to dramatically simplify day-to-day life and elevate shared moments with family and friends.

RadioRA 3 keypads, dimmers, and switches make room and whole-home control effortless. You can personalize each keypad button with text or icons so custom-programmed commands are fingertip-accessible. Plus, a colorful palette of finishes ensures each wall control feels like a part of the home.

And since RA3 is cloud connected and smart, you can also take command of the system via voice assistant, schedules, sensors, and the Lutron app, allowing your home to synchronize naturally with the rhythms of your life.

WELCOME HOME

LIGHT THE WAY

Always return to a well-lit home. Illuminate entryways on a schedule or synchronize the system with the rising and setting of the sun to ensure pathways are well-lit in the twilight hours of dusk and dawn.

WELCOME HOME

SET THE SCENE

Scenes match the moment with a mood. Clear, energizing light to start the day. Glare-free focus for afternoon meetings. Tuned-down ambience for evening dinner. All at the push of a button.

LIGHT & MUSIC IN CONCERT

Connecting your sound system to RadioRA 3 is the easiest way to fill any moment with music. And with scenes, you can easily couple the look of light and the mood of the music with a single command.

HOME HAPPY HOUR

RadioRA 3 simplifies your hosting checklist to let you and your guests focus on your time together. Effortlessly transition from music-filled cocktails to spirited dinner conversation to post-meal lounging, all with scene control from a keypad or the Lutron app.

PLEASURE & COMFORT

MOVIE MAGIC

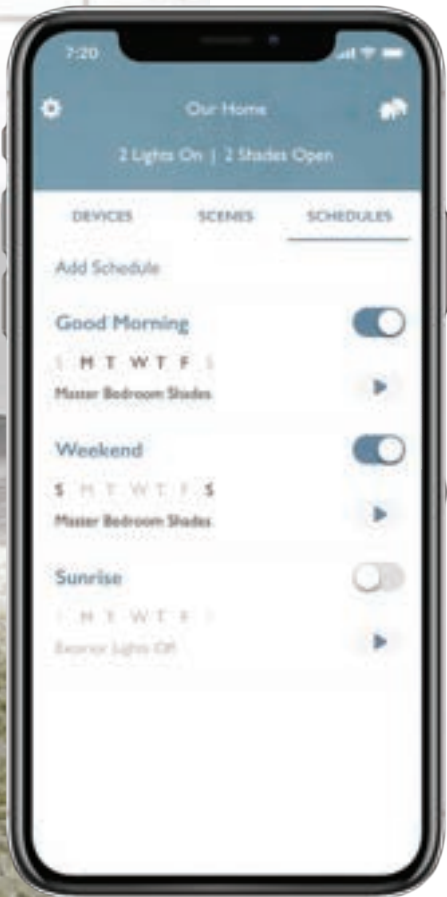

Remake any room into an immersive home cinema. Queue up the film, dim the lights, and drop the blackout shades, all with an intuitive voice command. Hey Alexa, Google, Siri®... "It's movie time."

PLEASURE & COMFORT

PUT THE SUN ON A SCHEDULE

Wake up each morning with the gentle warmth of the sun. Schedule shades to rise in silent, near-perfect unison letting just enough light into the bedroom for a natural, sunlit start to the day.

Tabletop remotes put control at your fingertips - no need to get out of bed!

PLEASURE & COMFORT

HOME SPA DAY

Escape to a Zen-lit retreat with RadioRA 3. Capture the subdued ambiance of a day at the spa with a scene designed to help you slip into a more serene state of mind.

CONVENIENCE

LIGHTS, CAMERA, MEETING

Work smarter, not harder. Get camera-ready instantly with a customized desktop remote or the Lutron app. Reduce eye fatigue, eliminate reflective glare, and personalize your presentation lighting so your colleagues see you in the best light.

CONVENIENCE

COME AND GO WITH EASE

Getting your family ready in the morning or returning after a day at school, an entry keypad simplifies life. Lower the lights, arm the alarm, and adjust the thermostat with the push of a button.

Thermostat and alarm features are available through HVAC and security third-party integrations.

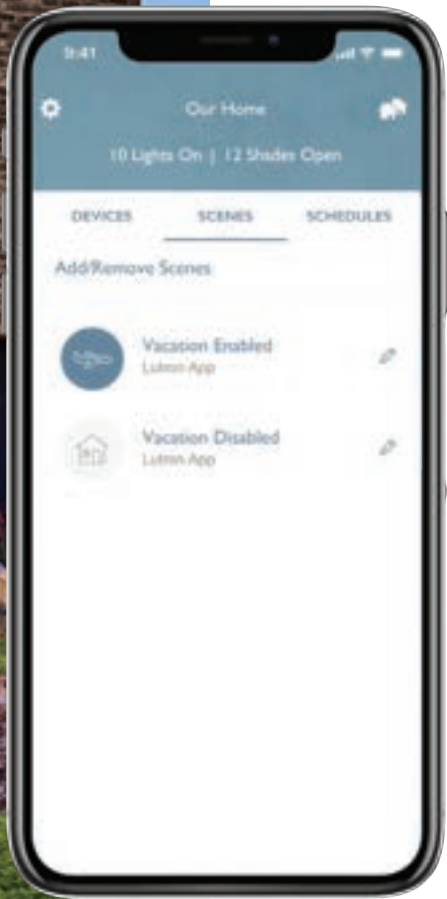

PRIVACY & SECURITY

PEACE OF MIND

Create the illusion you're home, even when you're miles away. "Vacation Mode" adjusts shades and lights in a randomized cycle created automatically by the RA3 system to mimic your day-to-day habits.

DESIGN & DÉCOR

BEAUTIFULLY SIMPLE

Simpler. Easier to use. More essential. Sunnata keypads, dimmers, and switches bring the familiarity of touch to Lutron connected lighting controls. Illuminated vertical accents are both functional and beautiful. And an expanded range of colors and finishes ensure wall controls complement every room of your home.

KEYPADS

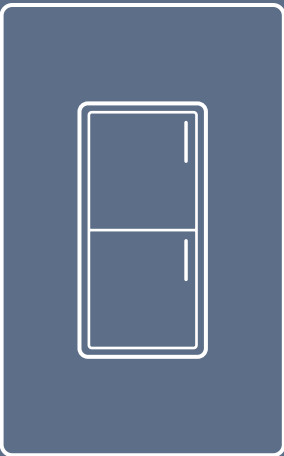

Keypads offer custom push-button scene control for connected lights, shades, and other smart home devices.

Personalized Text

Customized text, icons, and font size make home control second nature, not just for you but also for your guests.

Button Configurations

The availability of three button configurations ensures each control is as simple as necessary but not more so.

2-BUTTON

3-BUTTON + RAISE / LOWER

4-BUTTON

DIMMERS

Sunnata dimmers bring the familiarity of touch technology to light control. Swipe the light bar to dial in light intensity.

Graded Fade

Lights gently fade on and off, making transitions smooth and comfortable.

Superior Dimming

LED+ technology means best performance for LED, incandescent, and halogen bulbs.

SWITCHES

Complete your project with system-connected on-off switches in locations that don't require dimming, such as a closet, entryway, or garage.

COLORS & FINISHES

Choose from twenty-five colors and finishes to complement your home design, including four gloss colors and a reimagined range of twenty satin matte options.

CONTROLS & ACCESSORIES

Expand or upgrade your RA lighting control system with connected controls, remotes, and integrated accessories.

Conduct a symphony of light with connected controls, remotes, and integrated accessories that simplify total light control. Vacancy/occupancy sensors conserve energy, while color-coordinated receptacles and screwless faceplates complement the beauty of your home's design.

ACCENT LIGHTING

Lumaris tunable white tape light delivers dramatic accents to your home. Bring tunable white light to stairs, curved mirror edges, and the underside of cabinets for soft accents that enhance a room’s mood and ambience.

With industry-best performance, Lumaris tape light blends seamlessly into your home’s architecture and expands the horizons of lighting design.

SMART SHADES

The best lighting begins with the most beautiful light sources, and nothing illuminates the home more faithfully than the sun.

Lutron Triathlon smart shades and RadioRA 3 seamlessly integrate with each other to bring natural window light to the connected light control system. Shades raise and lower in near-silent unison to shape natural light, cut glare, filter harmful UV rays, and provide privacy.

With hundreds of fabrics and colors to choose from, it's easy to find a shade that reflects your personal style and complements the home's décor, whether you're working on a new construction or retrofit project.

Learn about shade customization options.

DESIGN & DÉCOR

ROLLER SHADES

A versatile and automated window treatment that combines superior light control with whisper-quiet operation. Select from a wide variety of sheer, translucent, and blackout fabrics to meet the functional and aesthetic needs of your space.

optimize natural light.

DESIGN & DÉCOR

WOOD BLINDS

Triathlon wood blinds combine the warmth of North American basswood with the convenience of smart home technology. Natural Light Optimization™ synchronizes with the sun’s position in the sky relative to your home’s geographic location to automatically adjust the tilt of the blinds, optimizing the amount of interior light throughout the day.

Explore the unlimited design possibilities of Lutron's wire-free Roman shades.

DESIGN & DÉCOR

ROMAN SHADES

The new Triathlon Roman Fabrication Kit combines the whisper-quiet movement and precise alignment of Lutron's automated shade technology with the grace and elegance of soft textiles. Choose your own fabric for custom-made shades that perfectly complement your design. Lutron's wire-free Romans fit retrofits and new builds, bringing total light control to every corner of the home.

From woven woods to fully lined blackout panels, the battery-powered, motorization kit allows shades to be fabricated with the shade fabric of your choice.

THE LUTRON DIFFERENCE

MOST CONNECTED

Integration with leading smart home brands has never been more responsive, reliable, or secure. Lutron whole-home systems work with more connected smart home devices than any other dedicated lighting control brand.

THE LUTRON DIFFERENCE

PRECISION, TRUST, HERITAGE

We obsess about the details, so you don't have to. For more than 60 years, the same core beliefs have guided Lutron—that design fueled by innovation and the transformative nature of light has the power to enrich people's lives. That's why we're singularly focused on bringing breakthrough, built-to-last products to the home. And it's why we're the trusted partner of many of the top architectural, design, and technology professionals across the globe.

Lutron is the first choice of lighting professionals.

Ultra-fast, ultra-reliable, wireless network that doesn't rely on Wi-Fi, so lights and shades just work.

Advanced technology for superior dimming of LED and other popular bulb types.

Need help? Call us at 1-888-LUTRON1. We're here for you 24/7, 365 days a year.
